25 years of success

THE KEY TO A SUCCESSFUL PROPERTY SALE

financing your home

Obtaining the right mortgage for the purchase of your new home is crucial and it's important that you get the right advice. As part of the comprehensive service we offer to purchasers, we work in close conjunction with GIS Financial Services who offer potential purchasers **FREE** and **INDEPENDENT** mortgage advice across a wide spectrum of mortgage products offering fixed, discounted and cashback rates.

insuring you & your home

You will need insurance for your new home, not only for the building itself but also for household contents. In addition you may wish to consider other elements of insurance such as life cover, pension, mortgage protection, endowments, etc. GIS Financial Services can also offer **FREE** and **INDEPENDENT** advice in all of these areas.

Your home is at risk if you do not keep up repayments on a mortgage or other loan secured on it.
